SHAKESPEARE IN CANADA:

“Shall I compare thee to a summer's day? “

*“What?!, Compare me to a Summer's Day?
In this Country?”*

Happy Father's Day!

God gave me the greatest gift of all, and I call him DAD!

- Kenneth Tan

A Tidbit of the History of Father's Day...

Father's Day was founded in Spokane, Washington at the YMCA in 1910 by Sonora Smart Dodd, who was born in Arkansas. Its first celebration was in the Spokane YMCA on June 19, 1910. Her father, Civil War veteran William Jackson Smart, was a single parent who raised his six children there. After hearing a sermon about Jarvis' Mother's Day in 1909, she told her pastor that fathers should have a similar holiday honoring them. Although she initially suggested June 5, her father's birthday, the pastors did not have enough time to prepare their sermons, and the celebration was deferred to the third Sunday of June.

Since, the tradition of celebrating Fathers Day moved to Canada from US, Fathers Day in Canada is also celebrated on **third Sunday of June** with a lot of enthusiasm and fanfare! The traditional flower, believe it or not, is the rose. Just as in US, people in Canada too, wear roses to express gratitude for their father. Traditionally, if the person is wearing a red rose, it symbolizes the person's father is alive while a white rose honours those fathers that have passed on.

COMMENTS FROM THE MAYOR

I think Spring/Summer is finally here (knock on wood).

I am currently (constantly) engaged in a Community Economic Development (CED) learning process. I am doing this as part of a desire to see our business community grow and prosper, thus allowing our Town and Region to grow.

The more I learn the more I realize that not only do I need to know more about it, but the Community at large needs to learn more and become more engaged in it. So, as I learn, I will endeavor to pass on my knowledge to our community.

The Town of Calmar has an Economic Development Committee whose members are committed to this process and I commend them for their insight and dedication. I would like to encourage our community as a whole to do their part. This could be done by "Buying Local". This would allow local business to be more viable, in turn, encouraging other businesses to consider our town. Another way would be to become engaged in future events and activities.

Community Economic Development is a "grass roots" approach to Economic Development and works best when we work together. If you are a local team wishing to hold a tournament, a local organization wishing to fund raise or a business/development wishing to expand your market, it is important to keep the Town in the loop. When we work together to help you to succeed, "we" all succeed.

If you would like to know more, contact me at dfaulkner@calmar.ca; phone me at (780) 974-6882, or drop by my office during the dates and times below for a coffee and a chat. As always council is available prior to our regular council meetings held on the 1st and 3rd Mondays of the month, 6:30 to 7:00.

The words of the month are "**BUY LOCAL**" and "**ENGAGEMENT**".

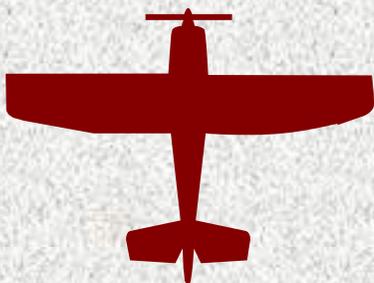

Take Care and be Safe,

Don Faulkner, your mayor, here to serve you.

Whitecourt Air Show

July 26 & 27, 2014

Hello everyone. Spring has finally sprung. The trees are budding out, daffodils and tulips are in bloom, birds are singing as they busily build their nests. What a wonderful feeling. Everything is new and bright. It's a time for revitalization.

Communities in Bloom volunteers are, at present, swamped with spring clean up of Calmar's flower beds. We are busy splitting overgrown perennial plants for our Plant Swap on May 25, 2014. This will be held at the Community (Scout) Hall from 11:00 am - 2:00 pm. Bring any plants you would like to share with other people. If you don't have plants to share, come out and enjoy some free coffee and donuts, meet people you know, converse with others, and perhaps pick up some garden tips.

Soon we will be rushed off our feet planting the numerous barrels that have been leased to the local business community. As well, we will be out digging in the dirt helping put in the many flowers in the gardens around town. We have already planted over a hundred lily bulbs in Peace Park. We have also split the overgrown plants and set them out around the lilies. The old, grass infested junipers have been removed and some new flora will soon appear.

Here's a quick tip for all you gardeners. When you transplant your annual flowers be sure to fertilize them with 10-52-10 water soluble fertilizer. This helps stimulate root growth. You won't have as much setback either. Also, make certain you add your fertilizer around the plant base, then press down on the soil to remove any air, then add a little more fertilizer and top up with a little compost. Remember to fertilize with your regular fertilizer about once a week. Don't let your plants go without water for very long. Depending on the weather, you may water daily. You will have wonderful blooms to enjoy all summer long.

CALMAR STUDENTS REACH FOR GOLD...

Students from Calmar Elementary and Calmar Secondary School put their names to fame and added a golden touch at this year's annual *Reach for the Top* competition. The event was hosted at Harry Ainley School in Edmonton on Saturday, May 3.

The Junior team, made up of students from Grade 8 and lower, claimed the gold medal in their group against schools from all over the province. An Intermediate team, made up of Calmar Secondary students also competed in the competition.

The competition sees each team, made up of four students - answer a variety of trivia like questions from a number of different categories of study. The questions surrounded topics like sports, geography, science, math, history and many others related to the students' curriculum.

Each round consisted of 25 minutes where each team earned a point for answering a question correctly. The team with the most questions answered moved onto the next round, which eventually ended in a golden finish for the Junior team from Calmar.

In the past two years, the Calmar team has taken home a silver and now a gold medal.

"To set gold is pretty amazing," commented Jeanette Wilson, who served as the coach for the team at the competition.

With ours upon hours of studying and preparing for the competition, the gold medal felt pretty sweet for the young competitors.

"I thought we did really well as a group. We practiced a lot and had a lot of fun" said one of the students.

The amount of work the young students put in showed just how much the competition meant to them, stated Wilson.

"They are a very dedicated team who loved to learn and work as a group."

For now, the students will enjoy the rest of the school year and summer knowing they're the team to beat at next year's competition.
