February 2011

This month, I would like to speak about intersection safety for vehicle and pedestrians. During winter, there is an increase of intersection and parking lot accidents. The weather can be icy and when approaching stop signs, yield signs, and pedestrian crossings it does take longer to stop. Drivers must realize this, but pedestrians must also be aware that even slow moving vehicles can skid and slide. The Alberta website saferoads.com lists a few tips for both drivers and pedestrians.

Safety Tips for Drivers:

- Do not run red lights or roll through stop signs.
- Do not speed or follow too closely
- Do not make unsafe left turns or rely on having the right of way.

Safety Tips for Pedestrians:

- Point, Pause, and Proceed, and keep looking for any hazards.
- Make eye contact with the drivers.
- Abide by traffic signals; they are there for a reason.

Calmar Protective Services hopes that everyone takes a few more moments to prepare and get where you need to go in a safe manner.

Are you ready to UNPLUG? February 20

LEUC COUNTY

It's true - technology has made our lives easier. But did you know that our iPhones and computers isolate us and keep us from spending time together?

On February 20, it's time to UNPLUG!

- 73% of kids would rather play with their parents than watch TV or surf the internet
- Teens who have more than three family dinners together per week are more likely to get better grades
- Residents in connected neighborhoods have a greater quality of life

Can your community connect the most on Family Day?
Log the hours you and your family unplugged on February 20. Beginning February 21, go to www.fcssa.ab.ca to log your hours and tell your story.
