Correspondence was presented from Director Public Works & Land Development Melesko with a request from Calmar Minor Hockey Association to sell sponsor advertising on the puck boards at the Mike Karbonik Arena using vinyl graphics.

Discussion was held in regards to no written permission has been found that allowed Calmar Minor Hockey to profit from the ice sponsorship program they had run since 2004 using wall banners; Administration had only just become aware of this, that it should be an opportunity not just available to one community group, who would be responsible for board replacements, that vinyl graphics would be to easily damaged by the players, pucks, and zamboni, and that Town should be possibly be collecting advertising money on puck-board sponsorship, as they are owned and maintained by the Town. Further Director Melesko had recommended that if advertising were to be placed on the boards, that it be done by replacing the boards with a thinner board, with a thin sheet of lexon over it, which would protect any advertising from damage.

Moved by Councillor Bartlett to deny Calmar Minor Hockey Association's request to adhere vinyl graphic advertisements to the puck-boards at the Mike Karbonik Arena.
