

Home Alone Workshop

for children ages 9-11 and their parents

Do you think your child is ready to start staying home alone before or after school or occasionally for short periods of time? Does your child have some experience being home alone? No matter what your situation, this workshop will enhance your child's skill and confidence to stay home alone while giving you the knowledge about what your child needs in order to be ready. This **free** course focuses on home alone skills and readiness, as well as emergencies, back up plans and scenario practices. Children must be a minimum of nine years old and attend with at least one parent.
